

FAQs on Follow-up & Booster

1

Is it important for me to receive the same vaccine during the second dose?

As the vaccines available are not interchangeable, it is important to receive the second dose of the same vaccine as the first one. The Co-WIN application is also going to ensure that everyone receives second dose of the same vaccine.

2

How long will I remain protected?

The duration of protection following COVID-19 vaccination yet to be established.

3

Will this require any repeated vaccination or booster dose after the 2nd dose in the future?

The requirement of a booster dose is yet to be determined.

4

Will I get any certificate that I am vaccinated?

Yes, a provisional certificate would be provided after the first dose. On completion of the second dose, when you receive the message for completion of schedule it would include a link to download a digital certificate of vaccination for your perusal. This certificate can then be saved in the Digi-locker.
